II - Mortgage Insurance Process - 7 Easy Steps!

Step 1: Decide on the amount of Mortgage Insurance you and your family needs.

Step 2: Complete the short application

Step 3: Once we receive your application we will request insurance quotes from multiple insurance carriers, a licensed representative from GMA will contact you and send you all carrier specific required forms with easy to follow instructions. The quickest way to receive your application forms is in a pdf. file by email. You may also request traditional mail which takes 3- 5 business days or we can fax it to you.

Step 4: Physical Exam - We will have your insurance carriers paramedical examiner contact you and set up a convenient appointment for a physical exam. The physical exam can take place in your home or office, and is performed by a medical professional at no cost to you (the insurance company pays for the exam). Some insurance companies may waive a physical exam for low mortgage insurance balances!

Step 5: Underwriting Process - All Insurance companies will have their underwriters review your application before issuing your policy. This process typically takes 3-6 weeks depending upon how fast you schedule your paramedical exam and that all additional request are met in a timely fashion.

Step 6: Approval & Delivery! - Once you are approved by the insurance carrier, we will send you your policy via express mail. We will then receive confirmation that you received your policy. It is that simple & easy to shop online!

Step 7: 30 Day Free-Look - All Insurance Carriers are required by law to give policy holders a 30 day free-look period to review their policy and give you the option to cancel within this period. Mortgage Insurance Direct deals with only top-rated carriers and we are always available for you to contact us during this convenient process!

III - How Much Life Insurance Coverage do you Need?

Many consumer consultants use a Rule of Thumb of 8 to 10 times your annual income for the amount of insurance an individual should have to protect their loved ones. If you have lots of debt, business obligations, or several children, that recommended amount can go as high as 12 to 15 times your annual income. You may wish to have one mortgage insurance as well as a term or whole life insurance for additional protection for your loved ones.

IV - Other Insurance Needs

We saved many of our clients approximately up to 20% of their homeowner's insurance premiums. As independent insurance brokers, we shop for the best premiums from reputable and highly rated insurance companies. If you wish, we will obtain competitive quotes. As our clients we will waive our brokerage fees. Thank you.
